The written examination

The written exam will be given on the **1 of June**. A second exam will be given some time late August before the beginning of the first period for 2007/2008. If there is a need for a third written exam it will then be given some time January 2008. The top score for each written exam is 25 points (12 points for “problems” and 13 points for “theory”). To pass the exam a student needs to have at least 10 points, the bonus points from the home assignments included.

At least 7 out of 13 points on the theory of the course will come from the following theorems:
